# LIVESTOCK PROGRAM

## VISION

A meat, egg and milk secured Philippines anchored on a vibrant, robust and globally competitive livestock and poultry industry and prosperous farmers.

## CORE VALUES

### RESPONSIVENESS

- Effective and efficient delivery of extension and technical services to livestock and poultry smallholders
- Respond to livestock and poultry industry actors in a consistent and timely manner in providing them quality services

### ALLIANCES

- Livestock and poultry smallholders are our clients and the center of everything we do
- LGUs, SUCs, other government and non- government agencies and private stakeholders are our collaborators and the link towards attaining our goals and objectives
- Engage with partners and other clients transparently with available, updated and adaptive technologies for poultry and livestock production, processing and marketing

### INCLUSIVENESS

- Support livestock and poultry smallholders in improving their living conditions through increased income from animal productions

### SERVICE AND INTEGRITY

- Honest and reliable with each other and all livestock and poultry industry actors working in partnership for success
- Set high standards and strive to promote, encourage and support excellence at all times

### EMPOWERMENT

- Consistently engaging and developing livestock and poultry smallholders as entrepreneurs in their respective rights towards enterprise development
- Gear towards personal development to increase the knowledge and skills of technical and support personnel

# LIVESTOCK PROGRAM

## OVERALL GOAL

The livestock and poultry industry contribute 5-7% increase in the total agricultural growth of the country and in the doubling of income of farmers by the end of 2025.

## MAJOR PROGRAMS AND PROJECTS

### NATIONAL ANIMAL GENETIC RESOURCES IMPROVEMENT PROGRAM

1. Improve & strengthen Unified Artificial Insemination for Cattle, Carabao & Goat
2. Strengthen the implementation of Philippine Native Animal Development Program (PNAD) for livestock & poultry adaptability, resiliency, and economically viable traits
3. Strengthening of Multiplier Farms (MF)
4. Strengthening of LGU Artificial Breeding Center & Production Center

Provision of breeder animals, facilities to LGU multiplier farms & production centers, Farmers' Organizations/associations and other institutions; quality semen straws and paraphernalia to Artificial Insemination (AI) Technicians to strengthen, upgrade/ infuse quality genetic material of local breeds.
